The Fluid Power Industry's Complete Source For Motion Solutions

iFP Motion Solutions Inc. standard/special power units, custom engineered systems & components, in-house/on-site service, repairs, & testing

ACE Controls shock absorbers, gas springs & hydraulic dampers

Advanced Machine & Engineering hydraulic rod locks

AKG high performance heat exchangers

Allenair Corporation brass/stainless cylinders, directional/timer valves & index tables

ASP miniBOOSTER hydraulic intensifiers

Balluff, Inc sensors, linear feedback devices & RFID systems

Barksdale shear seal valves, pressure/temp/level/ flow transducers & switches

Barrington Automation precision pneumatic grippers, linear & rotary actuators

Bosch Rexroth Corporation hydraulics, linear motion & aluminum structural framing - Not all products available in all territories.

Casappa gear/piston pumps, motors & filters

Cervis, Inc radio remote controls

Clippard cylinders, control valves, filters, regulators, lubricators & fittings

COBO switches, keypads, steering columns, steering wheel lights, electronic control units, displays, instrument clusters, wire harnesses & sensors

Colder Products Company quick disconnect couplings, fittings & connectors for plastic tubing

ControlAir, Inc. precision air pressure regulators, I/P & E/P transducers, valve positioners, air relays, volume boosters, air filter regulators & frictionless diaphragm air cylinders

Daman industrial hydraulic manifolds

Dana / Brevini high torque rotary & industrial planetary gear boxes, mobile planetary drives, hand pumps, power transmissions, motors, pumps, valves, manifolds, mobile valves & electronics

Delta Computer motion controllers for electric, hydraulic & pneumatic applications

Delta Power Company solenoid & mechanical directional, mechanical flow & proportional controls, mechanical pressure controls, motorized valves, valve bodies, coils, electronic control units, joysticks & grips

Detroit cartridge, solenoid, check, motion control, relief, pressure control, sequence, shuttle & directional valves

Descase desiccant breathers

DMIC custom valves and components for aviation, aerospace, industrial subsea, marine, oil & gas with hydraulic power, fluid control & handling

Donaldson filtration products

DuraValve manual/automated ball & butterfly valves

Dynamic Fluid Components gear pumps, motors, hydraulic valves, flow dividers, pressure switches & hydraulic motors

Eaton / Moeller industrial control products

Emerson / Aventics Pneumatics air preparation, valves, hydraulic actuators, mobile air cylinders, pressure control valves, sensor technology & electro-pneumatic devices

Enerpac industrial tooling, workholding & bolting

Enovation Controls ruggedized digital displays, controllers, panels, CAN I/O modules, hydraulic controls and process monitoring instruments

Estridge planetary gear drive products, multiple disc brakes & overhung load adapters

Fabco-Air cylinders, rotary actuators, grippers, FRL's & valves

Faster couplings, MultiFaster multiconnectors & casting solutions

FasTest testing connectors for leak free vacuum and pressure testing, fluid filling or flushing, EZ Connect ZF formed tube connectors, FasMate Shallow Depth, FasMate Instant Threaded, TwistMate Threaded, Leak Test additional large variety of patented connectors

Festo electric cylinders & drives, plus a complete line of pneumatics

Flo-Tork pneumatic & hydraulic rotary actuators

Freelin Wade nylon, PUR, PVC & polyethylene tubing

Geartek gear pumps & motors

Graco industrial lubrication systems

GT Controls standard & custom joysticks, sensors & controls

Honor gear pumps & motors

Hydac filters, accumulators, valves & electronics

Hydro-Line NFPA, mill spec & custom cylinders

Ikron hydraulic filtration

Interface Devices, Inc air & oil intensifiers

Kuka robotics

Legris pneumatic fittings, quick couplings, & ball valves

Lexair pneumatic & hydraulic valves

Magnaloy flexible motor drive couplings

Marzocchi Pumps high pressure gear pumps, micro, built in valve, bearing support, aluminum, multiple hi-low, short, modular, power unit pumps & aluminum gear motors

McDaniel Controls pressure gauges

Mead Fluid Dynamics pneumatic valves, cylinders, clamps & presses

Milwaukee Cylinder NFPA tie rod, custom cylinders & manipulators

Monnier Inc standard/custom filters, regulators & lubricators

MTE Hydraulics compact DC power units, AC power units, hydraulic generators, hydraulic pumps, motors, flow dividers

Murphy by Enovation Controls ruggedized digital displays, controllers, panels, CAN I/O modules, hydraulic controls and process monitoring instruments

Murrelektronik switch cabinets, M8 cables, safety relays, & I/O control modules

Nason custom engineered switches & cylinders

Nimco open center/flow sharing load sense valves, remote control units, & variable displacement pumps

Norgren actuators air preparation, directional control valves, fittings & tubing, fluid control valves, proportional valves, safety valves, switches & sensors, vacuum products

NOSHOK pressure/temperature gauges, sensors & transducers

Oilgear hydraulic pumps, valves, motors, meters & integrated systems

OnRobot EOAT grippers, sensors, tool changers, tools for collaborative robotics

Power Valve hydraulic valves

Productive Robotics OB7 industrial collaborative robotics & accessories

PVS Sensors pressure, vacuum, transducer, temperature & differential switches

Rego check, needle & flow valves

Rockford Linear NFPA tie rod cylinders

Rotzler hydraulic, hoisting, lifting, & pulling winches & winch systems, top roller, swivel hooks, master links, snatch block, rope trumpets & wheel wedges

SAI radial piston motors & planetary gearboxes

Salami monoblock directional control valves & controls

Schmalz Vacuum Technologies vacuum suction cups, special grippers mounting elements, vacuum generators, valve technology, switches & system monitoring, filters & connections

Schroeder Industries hydraulic filters, diagnostics & fluid conditioning systems

Simplex industrial tooling, workholding & bolting

Source Fluid Power custom hydraulics, manifolds, cylinders & valves

Stucchi hydraulic couplings

Sun Hydraulics cartridge valves, manifolds & custom solutions

Thermal Transfer air & water-cooled heat exchangers

Thomas Industries standard & custom enclosures

Twintec quick disconnect couplers, multi-tube connectors

Vanguard Integrated lithium-ion battery systems

Versa pneumatic valves

Walvoil mobile directional valves

WIKA pressure/temperature gauges, sensors & transducers

Youli mobile monoblock & sectional valves
